

Venus™ Curved Fabric Backwall

STEP 1

1

2

CONNECT

PRESS

3

Press the active snaps and hold one side of the pole, while insert it in the other side.

Must make sure the number on the labels match each others.

STEP 2

The diagram illustrates the second step of the process. On the left, a gray rectangular graphic labeled "Graphic" is shown with three downward-pointing arrows along its bottom edge, indicating it is being pulled down. Below the graphic is a white line representing the zipper track. A white arrow points from this state to the right. On the right, the gray graphic is shown flipped vertically, now labeled "Graphic" and pointing upwards. A white arrow labeled "zip" points to the bottom edge of the flipped graphic, indicating the zipper is being closed.
